### REPORT

A motivational session by successful entrepreneur Dr. Vidhi Bhanushali was organized for the faculty and students. The **objective** of this session was to make the faculty as well as the students apprise with knowledge about innovations and scope of being a startup founder and/or entrepreneur in the field of dentistry. The session was conducted online through Microsoft teams. The speaker Dr. Vidhi and her husband Mr. Rajat who always relied on technology to solve problems, from looking for advanced research to learning new techniques, started **DentalDost** in 2018 as a blog. In her session she told that though India has a surplus of dentists, yet we rank lowest in terms of oral health something that directly corresponds to our terrible overall health. They identified lack of awareness about one's oral health and the correlation between oral health and general health as a major reason for this situation. Hence, this prompted them to expand their blog DentalDost into an AI-powered dentist by leveraging artificial intelligence (AI) and machine learning (ML). They also launched a 24x7 helpline to better understand their patients' problems in order to diagnose their oral diseases. The session also gave the participants an overall insight in the journey of Dr. Vidhi Bhanushali as a successful co startup founder. The speaker shared with us that initially they put in their savings to startup the company and now by 2020 Sept have raised a seed round of Rs 30 lakhs. The participants learned about the challenges and opportunities associated with startup founding and were emphasized on the need of funding and advisor for a startup.

The webinar was concluded by an interactive question answer session between speaker and students which was moderated by student member Shardool Jagtap. Lastly, the session was concluded by vote of thanks and a certificate of appreciation in honour of Dr. Vidhi Bhanushali for giving her valuable time and efforts in making this session a success.

Dr. Niharika Swain  
President  
IIC, MGMDCH
